DETAILED ACTION

Response to Amendment

The Amendment, filed on April 29, 2004, has been entered and acknowledged by the Examiner.

Cancellation of claim 13 has been entered.

Claims 1-12 and 14-20 are pending in the instant application.

Allowable Subject Matter

Claims 1-12 and 14-20 are allowed over the prior art of record.

The following is an examiner's statement of reasons for allowance:

Regarding claim 1, the references of the Prior Art of record fails to teach or suggest the combination of the limitations as set forth in claim 1, and specifically comprising the limitation of sintering an arc tube composition to form an arc tube, and annealing the arc tube in a vacuum, wherein the arc tube composition has an alumina content of about 99.99%, and wherein the alumina has a particle size up to about 10 μm .

Regarding claims 2-9 and 11, claims 2-9 and 11 are allowable for the reasons given in claim 1 because of their dependency status from claim 1.

Regarding claim 10, the references of the Prior Art of record fails to teach or suggest the combination of the limitations as set forth in claim 10, and specifically comprising the limitation of sintering an arc tube composition to form an arc tube, and annealing the arc tube in a pressure of about 10 torr, wherein said arc tube composition has an alumina content of about 99.99%, and wherein the alumina has a particle size up to about 10 μm .

Regarding claim 12, the references of the Prior Art of record fails to teach or suggest the combination of the limitations as set forth in claim 12, and specifically comprising the limitation

of sintering an arc tube composition having a particle size up to about 10 μm to form an arc tube, annealing the arc tube at a temperature from about 1000°C to about 1500°C in a pressure of about 10^{-6} torr and sealing the arc tube.

Regarding claims 14-20, claims 14-20 are allowable for the reasons given in claim 12 because of their dependency status from claim 12.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
